

Anderson School of Management

General Management—No Concentration – MBA

ALL CONCENTRATION INFORMATION EFFECTIVE FOR STUDENTS ADMITTED FALL 2010 AND THEREAFTER. REVISED JUNE 2012

Anderson's graduate programs provides students the flexibility to design a part- or full-time program customized to their career and educational goals and lifestyle. The school has the distinction of being the only business school in the greater Albuquerque area, and one of only two schools in the entire state, to be accredited by AACSB.

The No Concentration MBA consists of 48 credit hours: 30 credit hours of core coursework and 18 hours of management electives. Management electives consist of any 501+ level MGMT coursework or 400 level courses noted with an asterisk (*), which denotes graduate credit available. Students may select courses from any of the 11 concentrations Anderson offers at the graduate level.

Students who have waived core courses based on undergraduate coursework will work with the Graduate Advisor to determine the number of MGMT electives required to fulfill the No Concentration option.

Students who pursue the No Concentration option should also meet with the Anderson Career Development Facilitator to ensure course selection meets career goals. An internship is strongly recommended for students who pursue this option: **MGMT 697 Internship** (Advisor permission required-see Career Services Office).

For a list of courses offered, please review the graduate concentration sheets:
